**NOTICE:**

The Board of Cosmetology (the “Board”) at its February 3, 2014 meeting voted to temporarily suspend processing of reciprocal license applications from Texas indefinitely. This suspension DOES NOT prohibit Texas licensees from applying to test in Tennessee, only to obtain licensure through reciprocity. To sit for such examinations you must return a completed application to the Board office along with the necessary documentation. This application is posted at: <http://www.tn.gov/regboards/cosmo/documents/ApplicationtoTest.pdf> . Please note that an email letting you know your application has been approved will be sent and you can schedule your exam accordingly.

For more information about testing in Tennessee, review the Board’s Candidate Information Bulletin found on PSI’s website at the following link: <https://candidate.psiexams.com/index.jsp>. Each candidate information bulletin provides pertinent information to help prepare for Tennessee Board of Cosmetology examinations, scoring information, testing locations and an abundance of other useful tools for testing applicants.
